

EAPR6K-60

6kW Power supply 60Vdc

Solution for

- Scientific
- Industry

Specifications

3HE, 19", low ripple power supply with sense lines

| Technical data | Specification |
|-----------------------------|---|
| INPUT | |
| Nominal input voltage | 340-460Vac 3 phase, 50/60Hz |
| OUTPUT | |
| Output voltage | +60Vdc, 100A |
| Ripple and noise | <2mVrms |
| Line regulation | < 0.1% |
| Load regulation | <0.1% |
| Total output power | 6kW |
| Efficiency (typical) | 96% |
| GENERAL | |
| Operating temperature range | 0... +50°C |
| Protections | Over-voltage, over-temperature, short-circuit, over-current |
| Safety | UL/IEC60950 |
| EMC | EN61000-6-1/2/3/4 |
| Dimensions W x D x H | 19", 3HE, D=460mm |
| Cooling | Forced air |
