

## EPAPS740X4

740W Power supply

### Solution for

- PA systems
- Industry
- Motor drives
- Network controllers

### Specifications

Power supply for audio amplifiers, with battery back-up

Technical data	Specification
<b>INPUT</b>	
Input voltage	90Vac ... 264Vac
Battery backup input	42-58Vdc
<b>OUTPUT</b>	
Output voltage	+58V/12A      +24V, 0,5A      +13V, 1.25A      -13V, 1.25A
Ripple and noise	<130mVpp      <120mVpp      <120mVpp      <240mVpp
Line regulation	< 0.5%
Load regulation	<1%
Total output power	740 W peak, 270W continuous
Efficiency (typical)	89%
<b>GENERAL</b>	
Operating temperature range	0... +60°C
MTBF	250.000 Hrs., GB, 35°C
Protections	Over-temp, over current, Over voltage
Safety	EN60065, UL6500
EMC	EN55103-1, EN55103-2
Dimensions W x D x H	315x79,3x72mm
Cooling	Forced air
